Summary

Hello there! I am a dedicated Computer Science enthusiast currently pursuing my Masters with a keen interest in crafting seamless digital experiences. With a solid foundation in Java, Python, JavaScript, HTML, and CSS, I've spent 1 year and 11 months creating engaging apps and games that resonate with users. My journey in coding has been both thrilling and fulfilling, as I've transformed intricate ideas into functional, user-friendly applications. My expertise lies in Python and Java, where I've honed my skills to bring innovative concepts to life. I find immense joy in coding; it's not just a skill, but a passion that fuels my creativity. At the University of Dayton, I've worked on multiple challenging projects, solidifying my confidence in tackling diverse roles in the tech industry. Former Secretary at Indian Society of Technical Education: Led committees, hosted events, and made impactful decisions, showcasing my leadership and organizational abilities.

1 Year 11 Months at WhiteHat Jr: Developed apps and games, which inspired my pursuit of further studies and a deeper exploration of the coding world.

Beyond Coding: Dancing | Cooking | Positive Communicator

Outside the realm of coding, I find my rhythm in dance and solace in the art of cooking. These passions teach me the value of creativity, discipline, and attention to detail, qualities that I bring into my coding projects. Moreover, my positivity and excellent communication skills have enabled me to thrive in team environments, making collaborative projects a delightful experience.

Coding, for me, is not just a profession; it's a journey of exploration and creation. My goal is to leverage my skills to develop innovative solutions that make a difference. I am excited about the prospect of joining a dynamic team where I can contribute my expertise and continue my growth as a developer.

Let's connect! I'm always open to new opportunities, collaborations, and engaging conversations about the fascinating world of technology.

Experience

Digitization specialist

University of Dayton

May 2023 - Present (9 months)

Library IT Support Assistant

University of Dayton

Sep 2022 - Present (1 year 5 months)

Coding Instructor

WhiteHat Jr

Sep 2020 - Jul 2022 (1 year 11 months)

Big Data and Data Modelling

Sahu Technologies

Jan 2020 - Mar 2020 (3 months)

While working on this position, I got familiar with Data Modelling, as I performed various DAX functions and also made a tutorial using CouchDB for the company.

Education

University of Dayton

Master of Science - MS, Computer Science

Aug 2022 - May 2024

Universal College of Engineering Mumbai

Bachelor of Engineering - BE, Information Technology

2017 - 2020

Thakur polytechnic

Diploma, Computer Engineering

2014 - 2017

Licenses & Certifications

Game design fundamentals - WhiteHat Jr

Issued Nov 2020 - Expires Nov 2020

NASA Galactic Problem-Solver - NASA International Space Apps Challenge

Create Your First Web App with Python and Flask - Coursera

MKRSUSY3NNGT

Skills

Defining Requirements • Quickness • Multitasking • Skilled Multi-tasker • Organization Skills •
